PRODUCT DESCRIPTION

T-Hoard is a **versatile and cost-effective fencing solution**, designed to provide a **secure, uniform perimeter** for events, VIP areas, and site compounds. At **2.4m high**, this solid fence is ideal not only for **perimeter security** but also for **internal divisions** such as exclusive enclosures, backstage zones, or guest areas.

With a **flat-panel design**, T-Hoard ensures **a sleek, gap-free finish**, offering a **clean and professional aesthetic** while maintaining privacy and security. Its **fast installation** process makes it particularly well-suited for **high-demand environments**, including **festivals, sporting events, TV & film productions, and urban sites** where efficiency is key.

T-Hoard can be securely fixed using **ground pins (for grass surfaces) or a ballast system (for hardstanding areas)**, providing **stability in various conditions**. Additionally, it features **a dual-colour scheme**—green exterior for a **natural, discreet look**, and a grey interior for a **neutral backdrop**, with the option to have green on both sides.
