SMART HOARD FENCE PANEL, 2M X 2.4M

Smart Hoard Fence is a high, timber-clad temporary fence designed for premium event spaces where aesthetics matter just as much as security and function.

SKU: 1007094.00 | **Categories:** Crowd Control, Timber Hoarding

PRODUCT DESCRIPTION

Mojo Rental Entertee fencing innovation Smart Hoard is an aesthetically pleasing natural wood fencing solution. Ideal for VIP, guest or artist areas, eating areas and bars where it needs to look good as well as be functional.

The panels are clad in natural wood, offering an elegant, organic look that blends effortlessly into greenfield environments and landscaped event sites. It's the ideal choice for festivals, corporate functions, and premium enclosures where visual appeal is key such as bars, VIP lounges, and hospitality zones.

The timber cladding is securely mounted to a robust steel structure, providing a solid and dependable perimeter or internal division. Despite its visual charm, Smart Hoard Fence doesn't compromise on performance, it's quick to install, weather-resilient, and compatible with both pinning and ballast systems, depending on surface type.

Gates are available in various sizes to suit both pedestrian and vehicle access requirements, ensuring ease of flow without disrupting the fence's visual integrity.
