SMALL BEVERAGE REFRIGERATOR WITH GLASS DOOR, 160L

A compact 160L beverage fridge with a glass door, perfect for event bars, dressing rooms & catering areas. Delivered in a secure rolling case for easy transport.

SKU: 1000298.00 | **Categories:** Catering Eqiupment

PRODUCT DESCRIPTION

The Small Beverage Refrigerator with Glass Door offers a compact yet powerful cooling solution for event bars, backstage hospitality, and catering setups. With a 160L capacity and two coated wire shelves, this fridge is ideal for storing beverages at smaller events, pop-up bars, and artist dressing rooms.

Featuring a dynamic cooling system, it ensures rapid and even chilling, while a built-in door sensor improves energy efficiency by shutting off the fan when the door is opened. The independent interior lighting enhances visibility, making drinks easily accessible and well-presented.

For hassle-free transport and use, the refrigerator is delivered in a secure rolling case, designed to function without removal. Integrated ventilation openings and a service flap provide easy access while ensuring optimal performance, making it a practical and space-saving choice for event catering and hospitality zones.
