MAKEUP MIRROR WITH BUILT-IN LIGHTING IN CASE

Professional makeup mirror with built-in lighting and dual power outlets, housed in a durable case for on-the-go convenience. Perfect for dressing rooms and backstage areas.

SKU: 1000619.00 | **Categories:** Event Furniture Hire, Standing & Makeup Mirrors

PRODUCT DESCRIPTION

The Makeup Mirror with Built-in Lighting in Case is a premium solution for professional makeup application in dressing rooms, backstage areas, and artist lounges. Encased in a robust, high-quality case, this mirror offers exceptional portability and durability, making it ideal for events, touring artists, and on-the-go professionals.

The generously sized mirror surface ensures excellent visibility, while the integrated lighting delivers soft, even illumination, perfect for precise grooming or styling. Equipped with dual power outlets (230V) on the front, it conveniently supports additional devices such as hair dryers or styling tools, adding to its functionality.

Designed for elegance and practicality, this mirror guarantees a quick and hassle-free setup, allowing users to focus on their craft. Its sturdy construction and compact design ensure it's always ready to deliver professional results.
