

## MODULAR RED FLOOR 5-CHANNEL CABLE RAMP

Heavy-duty modular 5-channel cable ramp for secure protection in high-traffic areas, ideal for vehicles and pedestrians.

**SKU:** N/A | **Categories:** [Cable Ramps and Protectors](#)

## PRODUCT DESCRIPTION

The Modular Red Floor 5-Channel Cable Ramp with standard ramps delivers robust cable protection for demanding, high-traffic environments. Designed with five channels—four measuring approximately 33mm wide and one central channel at 42mm wide—this ramp provides ample space to secure essential cables and hoses. Built for heavy-duty use, it supports a maximum axle load of 9,140 kg (20,141 lbs), making it suitable for vehicles and pedestrian traffic alike.

This modular centre ramp features standard ramps on each side for smooth access, ensuring a continuous, flat surface for extended cable runs. Its quick-connect design allows for easy setup and removal, providing reliable cable protection wherever needed. With its durable construction and high-visibility design, the Modular Red Floor 5-Channel Cable Ramp is ideal for public events, construction sites, and industrial applications.

## TECHNICAL INFORMATIONS

<b>Weight</b>	12.7 kg
<b>Dimensions</b>	0.91 × 0.53 × 0.084 m
<b>Channel Size</b>	(4 channels): 33mm (W) × 31mm (H) (1 channel): 42mm (W) × 31mm (H)
<b>Channels</b>	5
<b>Weight Capacity</b>	Suitable for high-volume vehicular and pedestrian traffic
<b>Max Load per Axle</b>	9,140 kg (20,141 lbs)
<b>Connector Type</b>	Large Dog Bone Connectors for secure, modular connections
<b>Special Capacity</b>	Designed to protect multiple cables with high visibility for enhanced safety
<b>Applications</b>	Cable protection for vehicles and pedestrians in high-traffic areas
