

MODULAR RED FLOOR 5-CHANNEL STANDARD RAMP, FEMALE

The Modular Red Floor 5-Channel Female Ramp provides smooth transitions and reliable cable protection in high-traffic areas, ensuring safety for pedestrians and vehicles.

SKU: 1012421.00 | **Categories:** [Cable Ramps and Protectors](#)

PRODUCT DESCRIPTION

The Modular Red Floor 5-Channel Standard Female Ramp offers reliable, secure transitions for the Modular Red Floor 5-Channel Centre Cable Ramp. Engineered to provide a smooth connection on one side of the cable ramp, it creates a stable, continuous surface for safe pedestrian and light vehicular traffic in high-traffic areas.

Constructed from durable materials with a grooved, anti-slip surface, this ramp ensures maximum safety while protecting cables and hoses. Designed for heavy-duty use, the female ramp supports high-volume pedestrian flow and light vehicle access, eliminating trip hazards and ensuring cable protection.

Compatible with the male ramp and centre cable ramp, this modular system provides flexible and robust cable management solutions, perfect for events, construction sites, and industrial applications.

TECHNICAL INFORMATIONS

Weight	2.8 kg
